Resume web link--https://krishresume2023.netlify.app

--> Real-time News Web - https://news-express-ppgi.onrender.com

Developed a real-time news web application using React for the front-end and Express.js for the back-end.
Utilized APIs to fetch and display live news updates to users.
Designed a modern user interface to provide an engaging news browsing experience.
Implemented features for categorizing and searching news articles effectively.

Experience

Full Stack Engineer
Codesoft
Jun 2023 - Jul 2023 (2 months)

During my internship, I collaborated with a cross-functional team to develop responsive and user-friendly web applications. I gained practical experience with technologies like React.js and Node.js, implementing dynamic features and contributing to UI enhancements. By working closely with senior developers, I refined my coding skills and learned best practices in version control and code review processes.

Education

AJAY KUMAR GARG ENGINEERING COLLEGE, GHAZIABAD
2022 - 2026
